

# AXIS 2-WAY MOUNT

WAVE CENTRAL

AXIS dual antenna/BDC mount for permanent and temporary installations

## Key features:

- Designed to mount (2) Block Down Converters with Compact Sector antennas attached
- All-aluminum construction
- Lightweight design: 12.125 oz/345g
- Compact footprint: 8"W X 5.5"H X 4.19"D
- (2) 5/8" 'Baby Pin' mounting studs
- (1) 5/8" 'Baby Pin' bracket with thumb screw
- Suitable for use with most friction arms, clamps or C-stands

\*\*Wave Central strongly recommends securing this mount with additional safety chains/harnesses in all installations (temporary or permanent).\*\*
